Darryl & Olyvia

Full-Time Moms, Part Time Lesbians

Darryl and Olyvia had known each other since their daughters became best friends in first grade. Though their daughters are now adults, themselves, married and living on different coasts, their moms have grown even closer. It all started when Darryl discovered her husband was cheating on her with some slut who very much resembled herself, 30 years ago. Being a good friend, Olyvia tried to comfort her in the best way she knew how - by bedding the still-sexy, heartbroken blonde.

Olyvia had always been bi, but was very discrete about it. Early in her marriage, she and her husband used to occasionally bring different women into their bed, but recently, he'd lost all interest in sex, and even the temptation of a new pussy was not enough to get him excited. Her cravings for snatch had only increased, so Darryl was the perfect answer to her predicament.

They met this guy at a party and he was a mess after discovering she was sleeping with his best friend. Having to see him work you over softens the blow, don't you think?

At first, Darryl was shocked to discover her friend's sexy side. It seemed far too kinky for the usually demure Olyvia. However, there's no underestimating a jilted woman. Still furious about her husband's infidelity, she decided to do something completely out of character and venture into a completely new world of sexual experimentation.

They started slow. Having always had a very conventional sexual relationship with her husband, Darryl had never even played with a vibrator before - step 1 in her path to sexual liberation

She got the hang of things in no time. Her enthusiasm shocked Olyvia. It seems that her pal was a natural lezzie slut. What wasn't instinctual could be easily taught.

Olyvia is certainly going to enjoy teaching such an eager and shameless student.

Do you think you have what it takes to get her mind off her cheating husband?

If so, call:

Tabitha
Prime Cougar Meat

A blonde woman is sitting on a light-colored tiled floor. She is wearing a pink thong with small red floral patterns and black strappy high-heeled sandals. She is looking over her right shoulder towards the camera with a serious expression. Her left leg is bent and raised, and her right leg is also bent. The background is a plain, light-colored wall.

All through her late teens and twenties, Tabitha had called a strip club home. When she wasn't working the pole, she was hitting the circuit with her friends, who were also peelers. In fact, very little in Tabitha's life didn't involve sex - which was exactly what she wanted. Unfortunately, even the sexiest women age, and several years into her career, management determined that she was well past her prime, replacing her with a sassy fresh-faced 18-year-old. While she could have been bitter about all of this, that just wasn't her style. Since the club was all she had ever known, she talked her way behind the bar.

A full-page photograph of a woman with long, straight blonde hair and blue eyes. She is wearing a single-strand pearl necklace and is topless. Her hands are clasped together in front of her waist. She has a slight smile and is looking towards the camera. The background is a plain, light-colored wall.

Of course, she still had her looks and her body was exceptionally toned from years of constant exercise, so she never lacked for dates. As she demonstrated time and time again, a 50-year-old ex-peeler knows everything there is to know about pleasing a man.

Tabitha especially liked younger studs, hyped on the fantasy of becoming the next Lothario.

Though few can live up to her sexual expectations - or match her performance - as long as fucking is involved, she gets a thrill out of it.

Tabitha's a perfect example of the fact
that while you might not be able to
teach old sluts new tricks, it's certain
that they'll be able to teach you a few.

Kate Jade

I'm one dirty girl.

As a child, I liked to play in the mud. Today, I'm not afraid to get my hands dirty. I also like to tinker with cars. My ex-husband's Beemer was slick and I told him I'd fix it. I fixed the car, and him, in the same afternoon.

So, I fixed the car and called him to come to the garage to check it out. He sat behind the wheel and I told him to rev the engine. He pushed the gas and it purred. A great big smile hit his face.

"Sweet!" he said. "What do I owe you?" he asked. I went around to the driver's door and pulled him out. I backed us both onto the hood of the car.

I got onto the hood and laid back. "Take my jeans off." I told him. He did and I opened my legs and rubbed my pussy. He immediately took the hint and started eating me out. After ten minutes of pussy licking, I came all over his mouth.

But that was just starters. Let me tell you what happened when we crawled into the back seat. Call me now. Over 18 only.

We received this letter and thought it deserved it's own couple pages. We thought it was proof that good old-fashioned perversity is alive and well in the godd ole' U.S.A. It was sent in by a woman to boot. – Ed.

To the Editor:

I was wearing my sexy little number to the adult bookstore, and was looking for some fun in the glory holes. I entered the shop and I kept my long coat on over the top. There were about seven guys just browsing the shelves. My hubby didn't enter with me, he wanted to give the impression that we were not together. I started looking at the magazines first and noticed that the guys were looking at me, but trying not to be obvious about it. I had my coat unbuttoned and the latex mini was clearly visible underneath. On my feet, I wore my six-inch platforms, and these made me stand almost 6'4", as I am 5'10" in my bare feet. I am sure several of them thought I must have been a transvestite!

I slowly walked up and down the magazine aisles looking for pics of gang-bangs, because I love them! I finally found a magazine called "Half-time," showing some cheerleaders being well and truly fucked by a huge number of black guys in a locker room! As I was reading this, I noticed my hubby enter the shop. However, he was not alone. He was chatting to another guy I had never seen before!

I put down the magazine and walked over to the area where all the dildos were. I picked up a nice pink one that

GLORY HOLE GOODNESS

had two heads on it, the ones you use to put in your pussy and ass at the same time. I was just stroking it up and down thinking how much fun it might be to try it, when the shop owner called out,

"Hey lady, you wanna touch you gotta buy first!"

"Oh, I am sorry," I replied. "I was just wondering what on earth this would feel like inside me?"

That got the men's attention!

"Hmm, well maybe you should try it out," said my hubby – and the other guys agreed with him, not knowing of course who he was!

I must have blushed a little, because

an old guy standing nearest to me said.

"It's ok, ma'am, we guys just don't get to see nice girls like you in here that much and the thought of watching you play with that pretty much turns us all on!"

"I see. Well, I would LOVE to play with it, but where?"

Just then the shop owner said, "You need to buy it first love!"

"I'll pay," said hubby! (God bless him!)

After he paid for the double dildo, the man who came in with my hubby said, "Hey babe, here's some lube to help do it right."

I took the small tube of pink lubricant and then stood looking at the men who had gathered around me.

"Now what?" I asked innocently.

"Come and stand here on this bench,

we all want a good view" said hubby again as he and the other guy lead me towards a small table covered in magazines.

I climbed onto the table and slowly removed my coat. The guys all whistled and moaned as they saw my body in the latex mini-dress with the holes.

I started to tease them and kiss and suck the bigger of the two heads on the double dildo, and the guys started to rub my thighs. I loved it! This was wild and really turning me on! I deep-throated the smaller head, and then slobbered spit all over them both, simulating the cock-sucking I had no doubt I would shortly be doing! Then I took the lubricant and smothered it all over both heads of the double dong.

"You need to make my pussy and ass wet," I said in my sexiest slut voice!

Fingers and tongues went crazy! I was licked, poked, fingered, prodded and stroked to the point where I thought I was actually going to have an orgasm right there! I stepped away a little and then spread my high heels apart, exposing my pussy and ass totally to the men who were gathered around me. I leant forward so my hand rested my weight against the wall, and then with the other hand, slowly pushed the larger head inside my waiting pussy, much to the moaning delight of the guys who had now taken out most of their cocks and were wanking with me as I fucked myself.

"Stick it in your ass you slut – fuck your asshole, baby," said the man who had entered with my hubby.

"Please put both inside you baby," said the nice older guy.

I bent further forward and then ever so slowly, pushed both cockheads inside my hungry ass and pussy at the same time. It hurt a little at first in my ass, and so I slowly moved it in and out.

"I need a tongue on my clit," I said, and within seconds, the old guy had moved underneath me from the front and was sucking and licking my fattening clit.

This was amazing, and it was everything I had hoped for! I stood on the table and fucked my ass and pussy until I orgasmed right in front of those men, with the old guy's tongue lashing my clit. I thrashed about when I came, my head tossing back and forth as the waves of pleasure washed over me. I smiled and moaned as I came, and then slowly stepped down from the table, the double dildo still embedded in my tight ass and hungry pussy.

"Now it's our turn," said my hubby.

"Yeah, it's time to cum," said another guy.

"Ok, I said, but I want it in the glory holes, I am in this booth, you all go next door, and I will suck you ok?"

No one complained. They just about killed each other getting inside the small booth next to the one I entered. I had to remove the double dildo when I walked into the booth, but quickly squatted down to suck the first cock that came through the glory hole, and so placed the tool back inside my holes. This was incredible. Here I was, on my knees, wearing high heels and a latex mini-dress in a public bookstore sucking a strangers cock!

I spent the next hour or so drinking so much cum that when I finally left, I reckon my tummy was making a squelching noise as I walked!

Yvonne

Socialite Princess Whore

Yvonne could easily be considered the matriarch of a perverse party dynasty. The Parises and Lyndseys of the world could learn a thing or two from her incalculably debaucherous younger years. Just because she's aged, it doesn't mean she's slowed down one little bit. In fact, time just seems to have added to her depravity. This is one woman you won't find knitting scarves for her grandkids.

Though she hadn't planned to have kids, she wound up with two daughters. As a pure hedonist, she never let them stunt her style, and now that they're both in their 20s, they're following in their mother's footsteps. The added benefit being that Yvonne gets to seduce their handsome young boyfriends - something she relishes with a passion.

A full-page photograph of a woman with long dark hair, wearing a black lace bikini top and high heels. She is blowing a kiss with her right hand near her mouth. She has a small tattoo on her left hip. The background is a warm-toned room with a framed picture on the wall.

This set up works out perfectly, considering that Yvonne has an insatiable thirst for fresh young meat. Of course, if her daughters even caught onto their mother's naughty shenanigans, they would be grate. She's never been above a little deceit, and honesty certainly hasn't come with age.

Yvonne's always ascribed to the concept of safety in numbers, and tries to include this in her daily sexual routine. Besides, everything about this nympho is over the top, so it really couldn't be any other way.

There's something nice about an older
woman who knows her place - on her
back, well fucked and coated with cum.

Vanessa

Private Lessons

Vanessa has always been a very generous person. If she's got it, she'll share it - her knowledge of arcane trivia, a cup of sugar... her body. When she was younger, she taught dance classes, but since she retired, she's started taking private students to supplement her income. While she does have a true passion for dance, she also appreciates the fact that it provides her with a steady stream of eager pupils, willing to get loose and sweaty in their quest for properly syncopated coordination. On multiple occasions, Vanessa has been known to add some very personalized "choreography."

Vanessa's never been picky about the gender of her special students, though she's grown more partial to men. She's found out that very few young men will turn down the chance to be with such a sexy and active cougar.

Her body definitely doesn't belie her age - thanks to her strenuous regimen - and she knows how to work every inch of it.

Just as with any form of strenuous physical exercise, Vanessa knows that a good warm-up is essential. Of course, her warm-ups might be a bit nontraditional, but few would argue that they aren't quite a bit more fun.

Of course, staying hydrated is
also essential - a rule Vanessa
follows religiously.

A full-page photograph of Victoria Beckham. She is wearing a red lace-trimmed bra and has her hands on her hips. She is looking directly at the camera with a slight smile. Her hair is dark and wavy. The background is a plain, light-colored wall.

Victoria

Once A Slut...

When Victoria first met her husband, it was her slutty personality which attracted him, as well as all that entailed. Enthralled with his saucy muse, he quickly married her, assuming that her behavior would become more sedate once she had a ring on her finger. In this, he was sadly deluded. To be fair, Victoria tried to be a good wife, but it seemed like she just couldn't say no to temptation. Soon, she gave up any pretense of being a good girl, though she tried to shield her husband from tales of her indiscretions. Though he had his suspicions, he couldn't stand the thought of losing his Vicki, so twenty-six years into their marriage, Victoria is just as slutty as ever.

A woman of leisure, Victoria has many opportunities to indulge in her affairs. She's never sugar-coated anything and calls a spade a fuckin' spade, so she's the first to admit that she's just a little on the wrong side of twisted.

She just can't help herself. She's never tired of the thrill of seduction - something which she's plenty of time to master. She's indiscriminate in her conquests. There's no rhyme or reason to who catches her fancy - but once caught, there's no misunderstanding her tactics. There's also no denying them.

Part of the reason she's so successful is that she has a reputation of giving more than she takes. Granted, she never fails to get what's coming to her, but gets off even more on seeing the way her cunt can make men squirm.

Peyton & Kendra *Men Suck!*

Kendra's always been a big-time dyke, but for Peyton, it took a string of no-account, deadbeat boyfriends to turn her gay. On her second night at Lips (the only lesbian bar she'd ever visited), she ran into Kendra, three-sheets to the wind and horny as hell. Though Peyton found Kendra strangely attractive, she had no idea about how one went about wooing a woman. She needn't have worried. Kendra took matters into her very feely hands, and before she knew it, Peyton was getting her first taste of pussy.

From the beginning, Kendra was in complete control of the situation. She always liked collaborating with converts and Peyton definitely had a lusty desire to obey. She couldn't wait to get her fingers and tongue into her supposedly virginial cunt.

There's no better way to learn than by doing. Peyton jumped head-first into her new role, finding the sweetness to be thoroughly arousing.

A close-up photograph of a woman with dark hair and a black collar lying down. A man's face is partially visible above her. The background is a solid red color.

Of course, Kendra was a much more talented cunnilinguist than any of her previous male lovers. They hadn't known the first thing about licking a snatch. This was the real deal and she couldn't get enough.

For these two, there will be nothing
but steamy lesbian fun from now on.

Confessions of a Hot Older Woman

Older women? What about wiser, wilder, wanton women? Because I'm quite prepared to admit that I have every intention of becoming a dirty old woman. Of course I use the word "dirty" rather loosely. I suppose what I really mean is that I expect to still be interested in all things sexual (and especially all things kinky) right to the bitter end! I've certainly become more passionate with age and more interested in experimentation. Don't get me wrong - I've always been highly sexed but it's only in recent years that I've developed the poise, the self-assurance, to be comfortable with my downright horniness! And while I still enjoy "vanilla sex" I enjoy even more exploring my naturally kinky nature and if it's with a man who's younger than me (sometimes CONSIDERABLY younger than me) then so much the better. These days I find myself indulging in all kinds of sexual fantasies in all kinds of places.

Call Now. 800-735-4058

Must be 18+

The young man at the grocery store, the businessman having lunch in the local bistro - all are likely to be disconcerted by my appraising glance! Since we all know - or SHOULD know - that the most sensitive erogenous zone is between our ears, then it makes sense that it's a woman's aura, her vibe, that arouses a man's interest. An older woman is more likely to give off an air of confidence, an air of knowing just what she wants and how to get it. Such a woman knows her body well and knows how to extract every last drop of pleasure from it. She's comfortable in her own skin and doesn't waste fretting about minor imperfections the way she might have done in her twenties. By the time she's in her forties a woman knows what's important. She knows the value of taking her time, knows that where there's one orgasm, there's also another and another. An older woman is experienced in the ways of pleasing a man and, more importantly, in how to please herself. She's not looking for a man's approval - she already knows who and what she is and what she demands from life. You won't need to spend your time trying to guess what the older woman wants from you - she'll let you know!

A word about "head games" and yes, there is a world of difference between a mind fuck and a head game. The kind of head game an older woman plays is more likely to be a way of enhancing her enjoyment - and her partner's - rather than to bolster a fragile ego as is often the case with a younger woman. Oh, and you won't find an older woman asking "What are you thinking?" because, quite frankly, she doesn't much care.

If you want your world to be rocked, rather than just a little shaken, then seek out the older woman - she'll rock your world in ways a younger woman hasn't even thought of yet!

Dr. Sabrina returns with more words for you

Okay, so I'm not the type to kiss and tell. But I will, just this one time, just for you.

**It's now my turn to tell you
about my latest smooch.
If you have questions
about the opposite sex or
even yourself, then Dr.
Sabrina has the answer.**

To my readers,

The other week I ran into an old college classmate of mine. We were both majoring in psychology and, if I remember correctly, she graduated summa cum laude. We were both attending a convention in San Francisco. I was giving a seminar on sexual disorders in the baby boom generation and she was lecturing in the room next to mine.

Her name is Danita but we all called her Danni. It's been almost twenty five

years since I last saw her, and she hadn't changed a bit. Still the striking redhead now that she was then. All the psych nerds were trying to get into her pants and she tried to keep them at bay as best she could, but I understand that one finally got through to her and into her pants. She ended up marrying him right after graduation.

After our lectures ended the first night I invited her to the hotel bar for a drink and to reminisce about old times. She

agreed and we met around 8pm. What a great conversationalist she was. We talked and laughed until midnight. Realizing how late it was and that we both had early lectures, we paid the tab and headed for the elevators and our rooms.

We happened to be on the same floor, and at her door, we hugged good night. But as we broke our embrace, she looked at me and asked if I would like to come in for a night cap. Normally I wouldn't, but we had such a good time and she was so naturally nice, I went in. She told me to unwind and get out of my jacket while she went to the bathroom. She came out in only her bra and panties and I was a bit embarrassed, but she poured us a couple drinks and I quickly let my guard down.

After another hour of conversation, and a couple more drinks, she came over to the sofa where I was sitting and planted a big wet kiss right on my mouth. I was shocked. Yes, we talked a lot about sex. It's our occupation, but to think about doing it with her was out of the question. Or was it?

I pulled away, telling her I had never been with a woman and it was much too late. She smiled and said she understood as I blotted my smeared lipstick. I headed for the door and got to my room. I thought about what just happened and realized it wasn't as bad as I thought when it happened. I picked up the phone and called her. She answered and I told her I was coming back to her room.

Well, I've run out of space for this column. I'll finish next issue and tell you all the juicy details. I promise.

Love to all of you. — Dr. S
